Diced 90/10 Bag [Pack, 5LB]
(8807442)

QUALITY/TASTING NOTES

None

PROCEDURES

1

Place plastic pint container with portion bag in it on scale and tare to 0.

Once bag is weighed to 170g, remove the bag from the pint container.

Roll up the portioned bag tightly to remove the air.

4

Here is a picture of the finished rolled bag.

5

Place rolled portioned bag in a vessel of choice to store at HDR.

6

Place all 13 portioned bags (yield) next to each other in the vessel of choice to store at HDR.
